One part of the organization's mission is to bring together individuals interested in the health issues that affect Asian Pacific Americans so that we may have a strong, collective public and political voice. APAMSA is also interested in directly promoting the health and well-being of the Asian Pacific American community as well as in helping all health care workers who work with these communities understand how to care for these patients in a culturally sensitive manner. Finally, APAMSA provides an important forum for its members to meet and exchange information and experiences in order to develop personally and professionally.

## “Don’t Quit Your Day Job” - The LSUHSC-S Med Student Talent Show

“Don’t Quit Your Day Job” - LSUHSC-S’s first ever Medical Student Talent Show was held on April 24, 2008. The show was sponsored by the Asian Pacific American Medical Student Association (APAMSA). The show was a great success and featured several performances by medical students, including guitar solos, bands, singing, and Indian dancing. This was the first year that a show like this has been held at the medical school, and in future years, with the support of the student body and the faculty and staff, we hope to continue to bring shows like this to the campus.

## Pediatric Interest Group

The Pediatric Interest Group is an organization that helps students learn about the field of Pediatrics and lets them participate in various related activities throughout the year. Some of the activities this year have included operating a “Picture of Health” booth at the Red River Revel, participating in the annual ward Halloween Party during Fall Fest, fundraising to decorate the Pediatric Clinic, and continued involvement in the “Reach Out and Read” program. Each of these events, as well as group meetings and lunches, provide students a great opportunity to interact closely with classmates and faculty in services that benefit the student, the Children’s Hospital, and the patients we serve.

### Overview of SNMA

The Student National Medical Association (SNMA) is the nation's oldest and largest student organization focused on the needs and concerns of minority medical students. Established in 1964 by medical students from Howard University and Meharry medical schools, the SNMA boasts over 40 years of service to underserved communities and medical students.

The mission of SNMA encompasses many ideas. SNMA is committed to increasing the diversity of students that consider and prepare for medical and scientific careers. Working through local chapters, SNMA is proud to organize and sponsor local Pipeline programs that directly serve minority students at several levels of education: the Minority Association of Pre-medical Students (MAPS), the HIV Awareness/Prevention at Job Corp (HIP/Corp), the Youth Science Enrichment Program (YSEP), and other community service programs.

A love story from start 'til...

Eleven years ago at Grambling State University  
is where this beautiful love story all began.

From the moment I saw you

My soul mate you see.

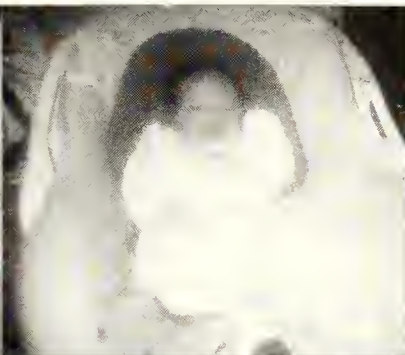

A mother-to-be

And a wife for me.

**Who would have thought while fulfilling your dreams**

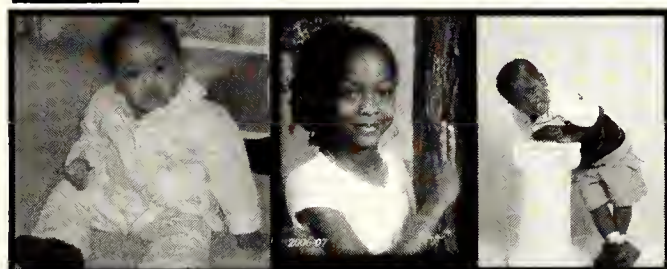

**You would be building a team.**

God knew your destiny, and watching you stand tall, you have shown us all that through GOD and faith you can conquer it all.

**A wife to me**

**And a mother-of-three.**

Because of your love  
You have shown us all  
That no matter how hard the road may be  
You can still have it all while achieving your dream.

**...ETERNITY**

**Ginny, you are truly amazing!**
